Objective

I am an artist developing a career as an illustrator and digital designer. I am searching for a position in concept or character design or a similar field. I am passionate about combining impactful stories with interesting, beautiful designs.

Work Experience

Freelance Illustrator

2022-Present

- I create illustrations and designs for organizations, small businesses, and individuals on a commission basis. I work with a range of illustration software on different devices including experience on PC, Mac, and iPad operating systems.

Disney College Program — Walt Disney World

2022

- I communicated and collaborated with large teams. Created immersive, memorable experiences for guests. During my program, I experienced several fast-paced workplaces, including my program location at Pecos Bill Tall Tell Inn and Café. I was often multitasking while working on individual assignments and assisting other cast members or guests. My quick-thinking skill allowed me to adapt to new environments. Adept at learning and using new technology and point of sale systems.

Volunteer Refugee Mentor — International Center of Kentucky

2019-2020

- I tutored an African refugee student in many subjects for school. Overcame a language barrier with my mentee and held conversations over future career and education plans, social and school life, and other interests. I also assisted with college and career planning, and I helped organize a college visit.
